## Simplified shipping

One centralized location for all shipping requirements. MyMidland allows you to create shipments, book pickups and find rates all in the same app.

## Quick label printing

Shipment Labels and BOL's are automatically generated once the shipment is confirmed.

## Customized lists

Customize your commodities and recipient lists, both designed for ease of use.

The screenshot shows the 'Commodities' management page in the MIDLAND system. At the top, there are navigation tabs: SETTINGS, ADDRESSBOOK, LISTS, SHIP, SHIPPING LISTS, and REPORTS. Below the header, there are buttons for '+ Add', '+ Add Bundle', '+ Delete Selected', '+ Delete All', '+ Import', and '+ Export to CSV'. A table with columns for 'Commodity Code', 'Description', 'Units', 'Unit of measure', 'Country of Manufacture', 'Type', and 'Is Bundle' is visible.

The screenshot shows the 'Recipients' management page in the MIDLAND system. It features the same navigation tabs as the Commodities page. Below the header, there are buttons for '+ Add', '+ Add Bundle', '+ Delete Selected', '+ Delete All', '+ Import', and '+ Export to CSV'. A table with columns for 'Recipient ID', 'Contact Name', 'Company', 'Country', 'State', 'City', 'St./Prov', 'Address', 'Email', 'Phone', and 'Status' is visible.

## Shipment status notifications

Keep yourself and your customer updated on the latest shipment statuses (Shipment Created, Picked Up, Out for Delivery, Delivered, Delivery Exception, Return to Sender).

## Instant rate inquiry

Quickly select from a list of available services and expected delivery date with accurate real time rates and transit times.

The screenshot shows the 'Rates' section of the MyMidland interface. It includes a 'Refresh Rates' button and a 'Rate Timeout' of 60 seconds. A table displays the following data:

| Service | Your \$    | Customer \$ | Delivery         |
|---------|------------|-------------|------------------|
| Ground  | 40.20 CAD  | 40.20 CAD   | 08/08/2023 00:00 |
| Air     | 247.93 CAD | 247.93 CAD  | 08/04/2023 00:00 |

## Bulk shipment upload

Upload shipment details from spreadsheet direct to MyMidland.

The screenshot illustrates the bulk shipment upload process. A green arrow points from a spreadsheet to the 'OnHold / Order Queue' interface. The interface shows a table with the following data:

| Order # | Source Of Order | Package | Total Weight | Carrier Name | Service Name | Company                                    | Origin Country | Company            | Recipient Country | Lot # | Your \$  | Customer \$ |
|---------|-----------------|---------|--------------|--------------|--------------|--|----------------|--------------------|-------------------|-------|----------|-------------|
| 454     |                 | 1       | 52.00        | MIDLAND      | Ground       | JD Irving Limited - Information Technology | CA             | OUT OVER TEST      | CA                |       | 0.00 CAD | 0.00 CAD    |
| 799     |                 | 2       | 30.00        | MIDLAND      | Ground       | JD Irving Limited - Information Technology | CA             | MATTS TEST COMPANY | CA                |       | 0.00 CAD | 0.00 CAD    |
